C-Squid™ Leadership Alignment Intensive

Designed for Executive Teams Who Want to Move Faster, Trust More, and Prevent Burnout

The Problem

Even the highest-performing leadership teams can get stuck:

- Slow decision-making caused by unclear alignment

- Unspoken friction between leaders

- Silent burnout that drains leadership capacity

- Lack of real trust and connection across the table

These hidden dynamics create significant costs — missed opportunities, wasted time, and leadership turnover — especially in moments of growth, change, or pressure.

The Solution

C-Squid™ is a **6-hour, in-person Leadership Alignment Intensive** designed to reset and re-energize your executive team.

We create space for the conversations most leadership teams avoid — so they can lead stronger, faster, and with greater resilience.

What It Delivers

✅ Faster, clearer decision-making
✅ Reduced leadership friction and unspoken tension
✅ Restored trust and alignment
✅ Burnout prevention for key leaders
✅ A more resilient leadership team ready to execute on what matters most

When to Bring It In

- Executive offsites

- Mergers & Acquisitions (M&A)

- Leadership transitions

- Company scaling and growth

- Strategic plateaus or stalled progress

- Leadership teams showing signs of burnout or friction

How It Works

Over the course of this intensive, your leadership team will engage in:

Three proprietary leadership exercises that reveal hidden dynamics and patterns
Guided debriefs and alignment conversations facilitated by an expert in executive team performance
Real-time commitments and action planning to embed lasting shifts
